Director of Public Works

### **BOARD MOTION OF AUGUST 29, 2006, AGENDA ITEM 79 SITE CLEANUP AT THE FORMER ROCKETDYNE SANTA SUSANA FIELD LABORATORY**

On August 29, 2006, your Board passed a Motion instructing the Director of Public Works and the Director of Public Health to investigate what measures are being taken in response to information recently disclosed by the Boeing Company regarding the nature of the materials previously disposed of at the Santa Susana Field Laboratory.

Public Works has taken the lead in this investigation. It has come to our attention that on October 2, 2006, the Boeing Company will release a public document that may significantly influence our response to you. In view of this, we will provide you with the final report by October 12, 2006.

Thank you for your consideration of this request. If you have any questions, please contact me or your staff may contact Diego Cadena, Deputy Director, at (626) 458-4008.
